To whom it may concern,

It is with great pleasure that I write this letter of recommendation for Mr. Nafees Mohammad Adil. I had the privilege of observing and working with Nafees] in my capacity as Founder and CEO of 2nd home GmbH, where he served as a working student in the period from 21.08.2023 to 31.1.2024. He was working as a Web Application developer and Project Management Assistant.

During his tenure with us, Nafees demonstrated exceptional skills in web and frontend development. He distinguished himself by efficiently managing complex tasks while consistently displaying high accuracy and creativity in solving our technical challenges.

A notable project that Nafees was significantly involved in was building our marketplace for vintage interior from scratch. We had to build frontend and UX-components for a state-of-the-art product and build reliable connections into backend components of our tech stack. Therefore and to ship fast, we've decided to use and stretch Shopify to it's max. This project not only showcased his technical abilities but also his ability to work in a team, innovate, and overcome challenges.

During his tenure with our organization, Nafees was responsible for the following activities:

- Nafees contributed his frontend skills in the agile-driven development of the 2nd Home web platform.
- His competence in communicating with the team has been very precise and accurate while integrating new functionalities into the website.
- He followed the deployment rules and practices immaculately resulting in a clean development pipeline.
- Nafees has provided excellent JavaScript, HTML, and CSS expertise while constantly increasing his skills alongside.
- He was responsible for maintaining and implementing new functionalities to the platform while providing accurate documentation.

Beyond his professional qualifications, Nafees is also a personal asset to any team.

His positive attitude, work ethic, and willingness to take on additional responsibilities make him a valuable member of our community.

I am confident that Nafees will be a valuable addition to your team and that his skills and experiences will greatly contribute to achieving your company's goals. I highly recommend him for the position of student worker or any Junior position in your company.

Should you require any further information or have any questions, please do not hesitate to contact me.

MICHAEL MUNDER
founder & CEO 2nd home
